- How to bookmark the eBook.....19
- How to make/delete notes & highlights.....20-22
- How to print notes.....23
- How to create flashcards.....24-28
- Additional support.....29

Basic information

Digital student kits are:

- Available for **365 days** from initial enrolment
- 100% printable (*Please refer to P. 16-18.*)
- Available for offline access through an app (*Please refer to P. 8-11.*)

Materials available include:

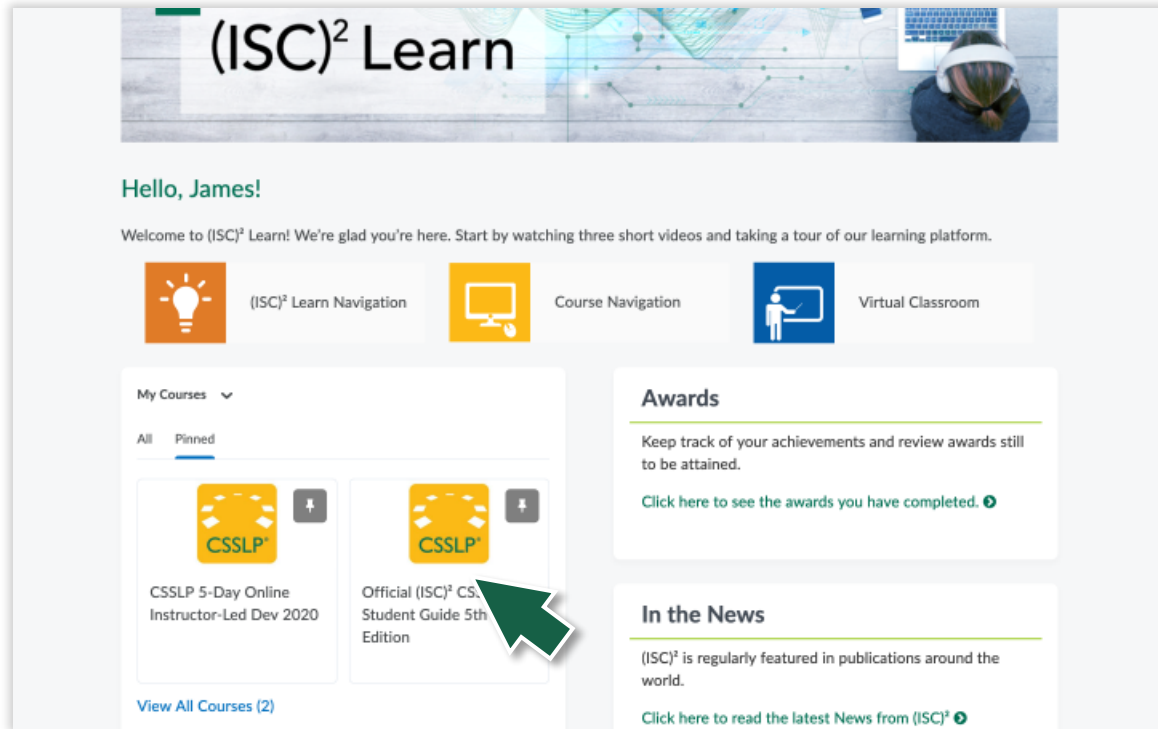

- Courseware Book
- Practice Assessment
- Practice Assessment Answers

Books are created as ePub files. This allows the publication to present a uniform experience for the reader across multiple devices and allows for additional features such as the inline definitions and quizzing.

Accessing the Student Guide in the LMS

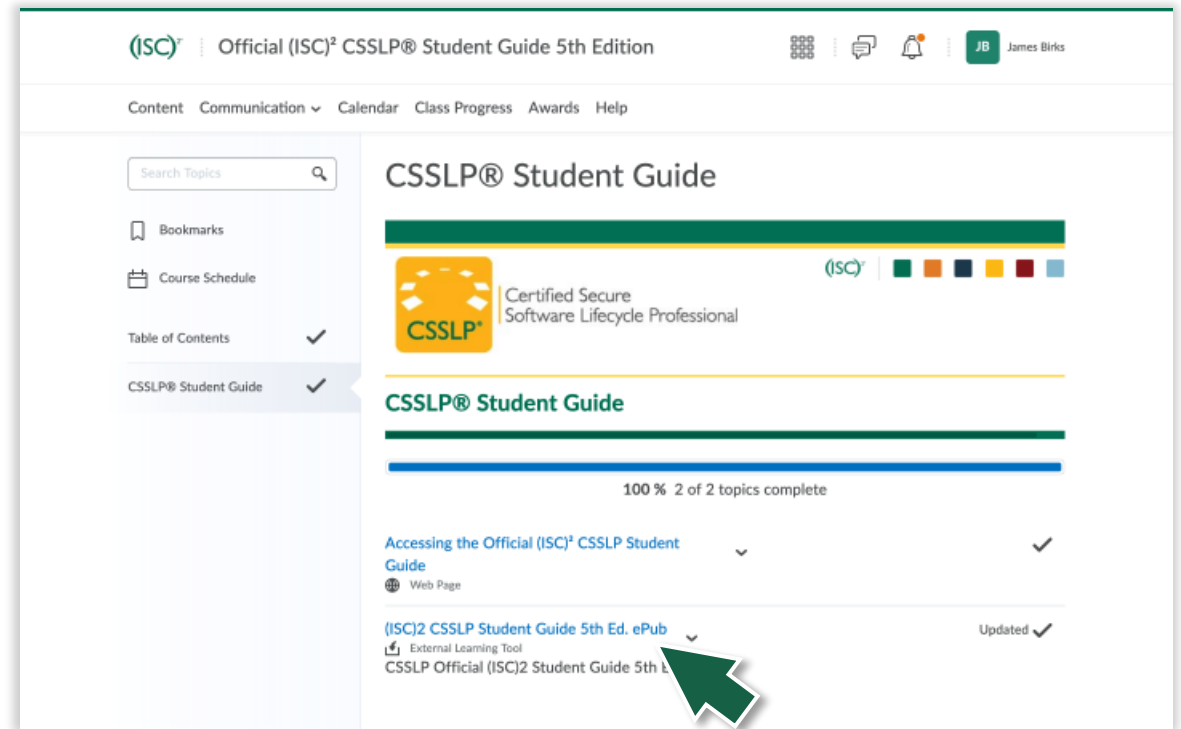

You can access your Student Guide directly on the Learn homepage in the 'My Courses' widget, or in the Student Guide section of the class.

Accessing the Student Guide in the LMS

When you open the Student Guide course, you will see a screen that will provide you with some more information about using the Vitalsource reader to review your Student Guide, or simply click the Student Guide link to open the guide in the online reader.

Accessing the Student Guide in the LMS

You can also access your Student Guide easily in your main class under the Student Guide section of the Course Introduction module.

The screenshot shows the LMS interface for the course "CSSLP 5-Day Online Instructor-Led Dev 2020". The user is logged in as James Birks. The left sidebar contains a search bar and a list of topics: Bookmarks, Course Schedule, Table of Contents (123), CSSLP® Course Introduction (14), Navigate the Course (4), Course Overview (8), CSSLP® Student Guide (checked), (ISC)² Code of Ethics (2), Day 1 (16), and Day 2 (16). The main content area is titled "CSSLP® Student Guide" and shows a progress bar at "100 % 1 of 1 topics complete". Below the progress bar, there is a link "Official (ISC)² CSSLP® Student Guide" with a dropdown arrow and a checkmark. A green arrow points to this link.

Accessing the Student Guide in the LMS

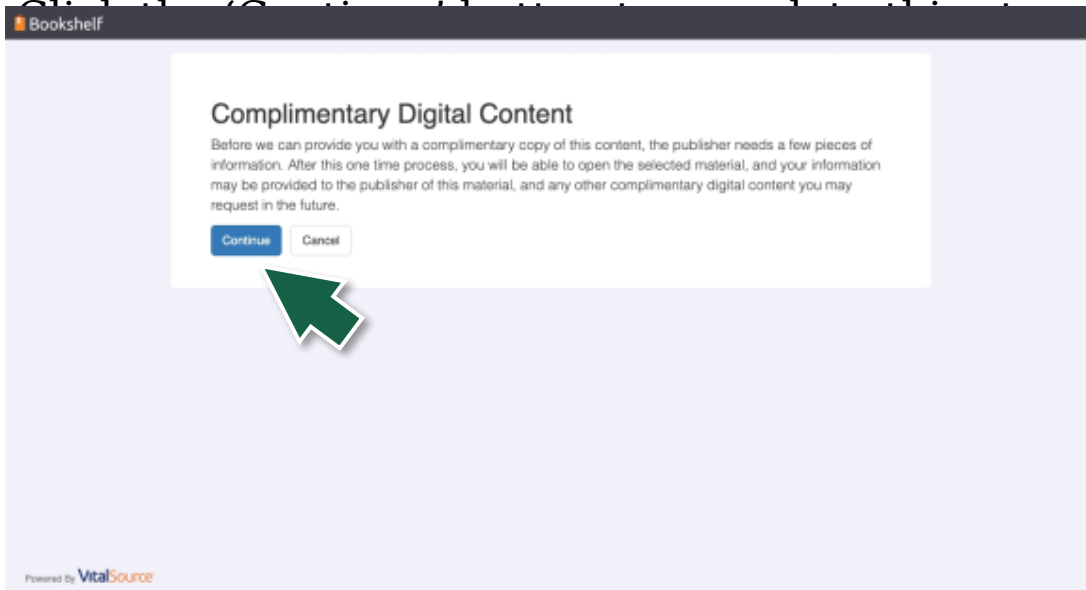

When you open the Student Guide topic, click the Student Guide link which will direct you to the Student Guide course offering seen on the previous slide.

The screenshot shows the LMS interface for the course "CSSLP 5-Day Online Instructor-Led Dev 2020". The user is logged in as James Birks. The main content area is titled "Official (ISC)² CSSLP® Student Guide" and shows a progress bar at "100 % 1 of 1 topics complete". Below the progress bar, there is a link "Official (ISC)² CSSLP® Student Guide" with a dropdown arrow and a checkmark. A green arrow points to this link. Below the link, there is a section titled "Access the Electronic Official (ISC)² CSSLP® Student Guide" with the text "Please Click the Student Guide link below to access the electronic book." and a link "CSSLP® Student Guide". A green arrow points to this link. Below the link, there is a section titled "Activity Details" with the text "You have viewed this topic" and a checkmark. At the bottom, it says "Last Visited Sep 19, 2020 4:10 PM".

Accessing the Student Guide in the LMS

As soon as you click the link in the LMS to launch your Student Guide you will be taken to your materials or to a quick sign in screen where you will be asked to complete a brief sign in process to link your Vitalsource account.

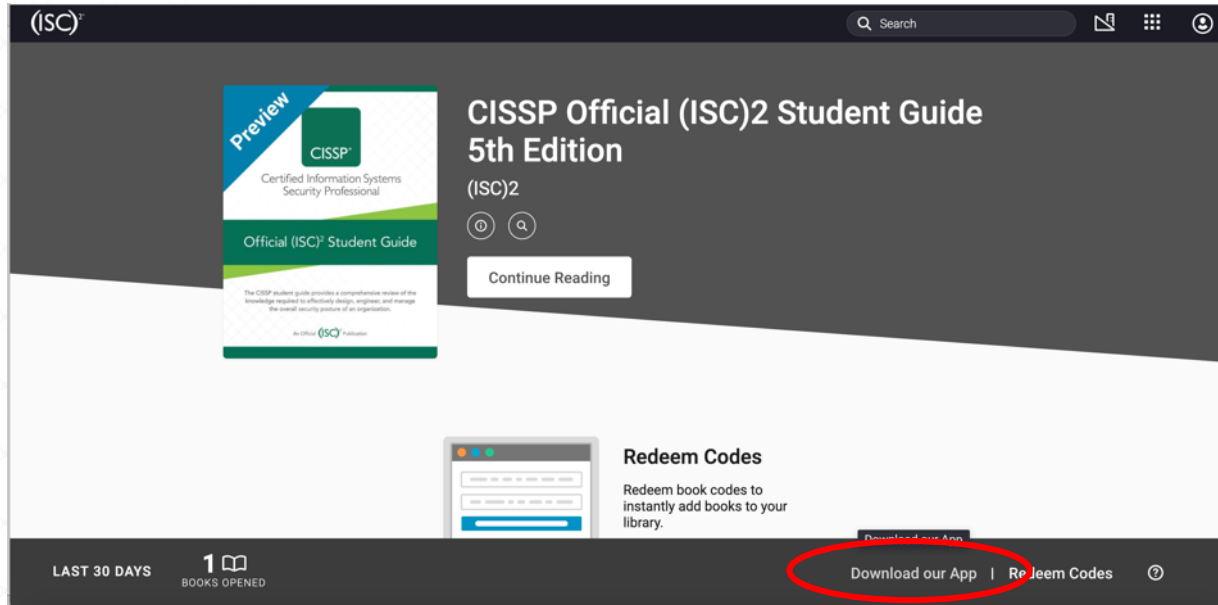

Accessing the Student Guide in the LMS

If you have already completed the sign in process, you see the Student Guide. You can click the table of contents icon in the left navigation bar to quickly navigate the book.

How to access the eBook offline?

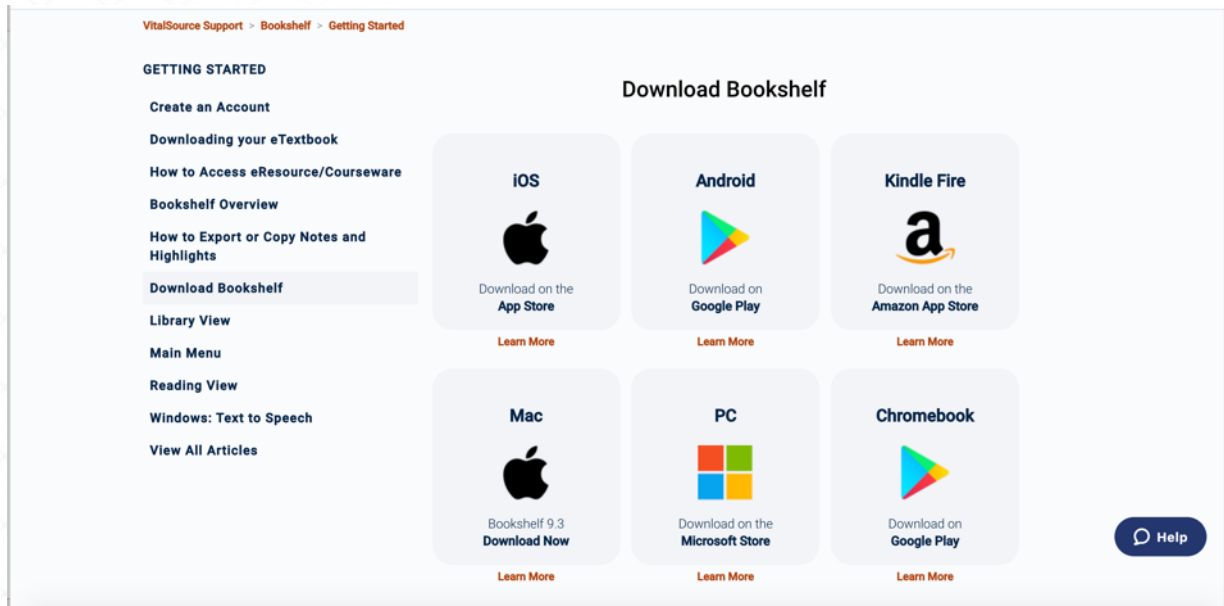

1. Install the VitalSource app
2. Go to isc2.vitalsource.com
3. Click “Download our App”

Important notes:

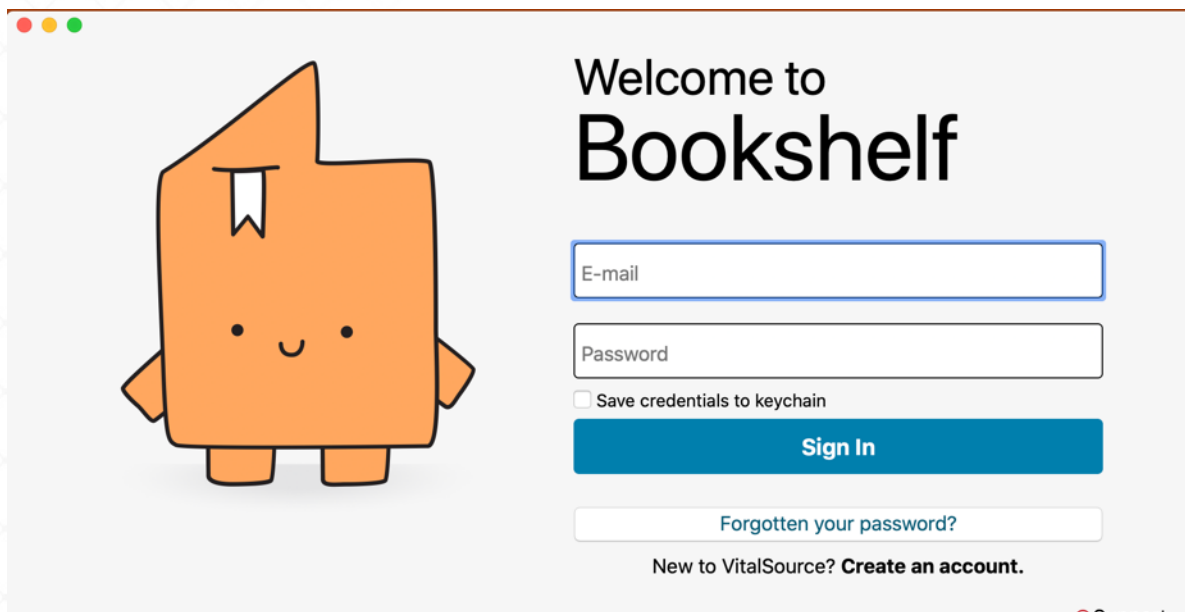

1. Please access the digital student kit offline in the classroom to avoid any internet connection issues.
2. You need an internet connection to download the app and content prior to offline viewing.
3. You can have up to 2 mobile devices and 2 desktops active.

How to access the eBook offline?

1. Download the application

How to access the eBook offline?

A screenshot of a web application login page titled "Welcome to Bookshelf". On the left is a cartoon orange book character with a bookmark, arms, and legs. To the right are input fields for "E-mail" and "Password", a checkbox for "Save credentials to keychain", a blue "Sign In" button, a "Forgotten your password?" link, and a "New to VitalSource? Create an account." link. A "Support" link is partially visible at the bottom right.

1. Log in to the application

How to access the eBook offline?

1. Download the eBook
2. Tap on the book cover

Important notes:

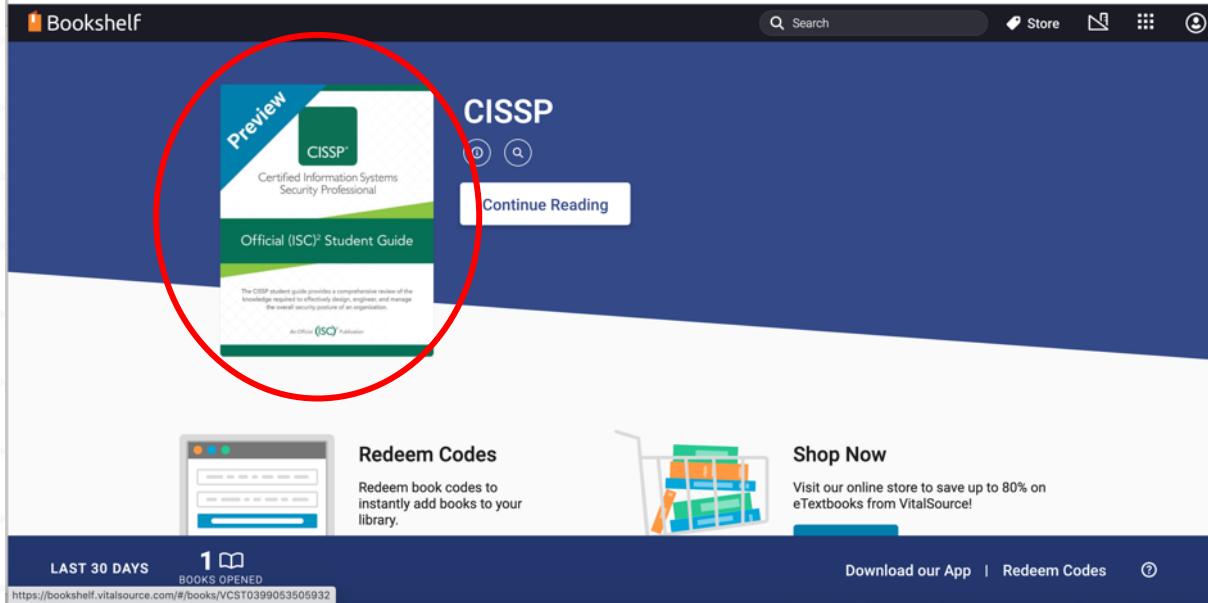

1. If you are missing titles, update your Library in Bookshelf. If you have any issues downloading your eBooks, please contact [VitalSource Support](#) for additional assistance.

How to navigate the eBook?

1. Click "My Bookshelf"

How to navigate the eBook?

1. Tap on the book cover to read the eBook

How to navigate the eBook?

The screenshot displays the eBook's navigation interface. On the left, a 'Table of Contents' sidebar lists various sections. A red circle highlights the 'Table of Contents' icon at the top of the sidebar, with a green box containing the number '1' next to it. Below this, the 'Table of Contents' list includes items like 'CISSP Official (ISC)2 Student Guide 5th Edition (ISC)2', 'Seminar Letter', 'Acknowledgments', 'Welcome', and 'Domain 1: Security and Risk Management'. A green box highlights the 'Domain 1: Security and Risk Management' entry, with a red arrow pointing to a yellow box at the bottom of the slide that says 'This is the eBook page number Please refer to this number when you navigate or **print** the eBook on VitalSource.' The main content area shows 'Module 9: Business Continuity Requirements' and 'Module Objectives'. A red box highlights the page number '68' in the right margin of the main content area, with a red arrow pointing to a green box that says 'This is the page number printed in the physical book. It is **NOT** the same as the eBook page number in the table of contents on the left.' The bottom of the interface shows a page number '15' in a green box, with a red arrow pointing to the same yellow box at the bottom of the slide.

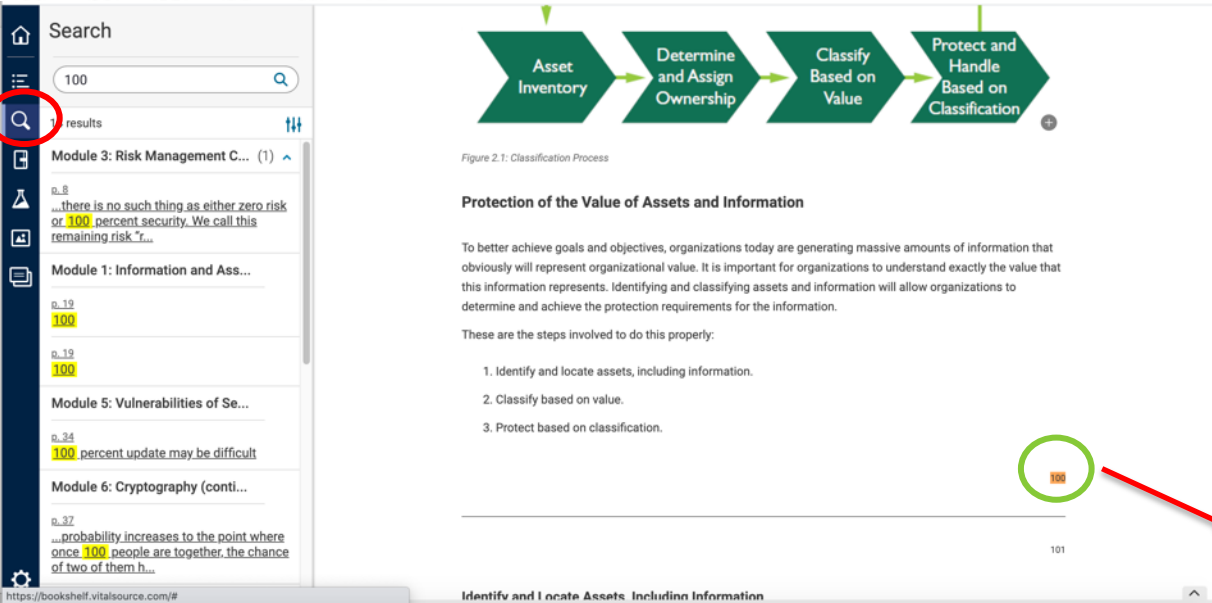

1. Click the table of contents icon on the left
2. Jump to the domain/module you want to read by clicking the domain/module

This is the page number printed in the physical book.
It is **NOT** the same as the eBook page number in the table of contents on the left.

This is the eBook page number
Please refer to this number when you navigate
or **print** the eBook on VitalSource.

How to search the content?

1

The screenshot shows a digital book interface. On the left is a sidebar with a search bar and a list of modules. The search bar has a magnifying glass icon. The modules listed are: Module 3: Risk Management C... (1), Module 1: Information and Ass..., Module 5: Vulnerabilities of Se..., and Module 6: Cryptography (conti...). The main content area displays a diagram titled 'Figure 2.1: Classification Process' with four steps: Asset Inventory, Determine and Assign Ownership, Classify Based on Value, and Protect and Handle Based on Classification. Below the diagram is the text 'Protection of the Value of Assets and Information' and a list of steps: 1. Identify and locate assets, including information. 2. Classify based on value. 3. Protect based on classification. The page number '101' is visible at the bottom right of the content area.

1. Click the search icon on the left to search content

If the instructor mentions the page no. in the physical book, you can search the “page number” like searching text to get to the page.

How to print the eBook?

The screenshot shows the eBook interface. On the left is a 'Table of Contents' sidebar with a search bar and a list of domains. A red box highlights the 'Domain 1: Security and Risk Management' entry, which is labeled with a green box containing the number '2'. Below the sidebar is a navigation bar with a red box around the page number '5', also labeled with a green box containing the number '2'. The main content area is titled 'Domain 1: Security and Risk Management' and contains an 'Overview' section. A 'PRINT' dialog box is open in the center, showing 'Enter Pages' with a range of '5' to '6'. A red box highlights the page number '5' in the dialog, labeled with a green box containing the number '1'. To the right of the dialog is a green box containing the number '3'. At the bottom of the dialog is a 'Print History' section. A red circle highlights a dropdown arrow icon in the bottom right corner of the interface, labeled with a green box containing the number '1'. A blue box at the bottom contains the text: 'You can open or close the tool bar tab by clicking the arrow icon.'

1. Click the printer icon
2. Enter the **eBook pages**
3. Click “Print”

Important notes:

1. All print jobs are queued on a central server so we restrict printing to **a maximum of 30 eBook pages per job**.
2. **One eBook page** implies a module which turns out into several pages when you print out.
3. If you get an error message, please try to narrow the print range.

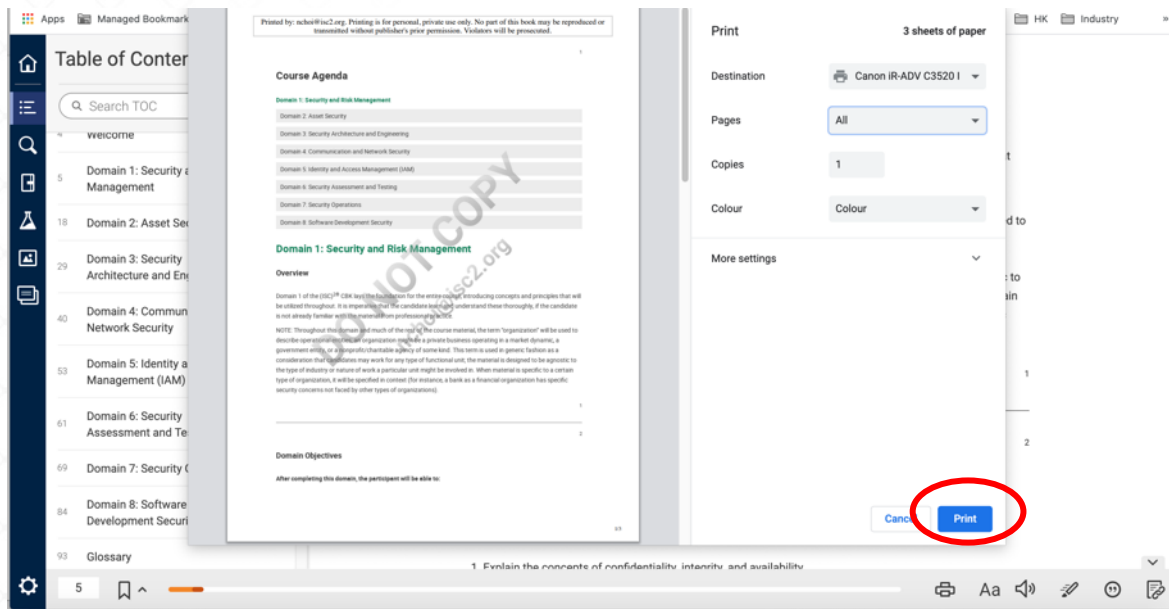

How to print the eBook?

The screenshot displays the ISC² CBK eBook interface. On the left is a 'Table of Contents' sidebar with a search bar and a list of domains. The main content area shows 'Domain 1: Security and Risk Management' with an 'Overview' section. A red circle highlights a notification box in the top right corner that reads 'Print Job: Pages 5 - 6' and 'We're preparing your pages to print, this could take up to 60 seconds...'. Below the notification, a 'PRINT' dialog box is open, showing 'Enter Pages (We recommend limiting your print range to no more than 50 pages.)' with input fields for '5' and '6', and a 'Print' button. The bottom of the screen shows a status bar with a printer icon and other controls.

1. It could take up to 60 seconds to load the print job.

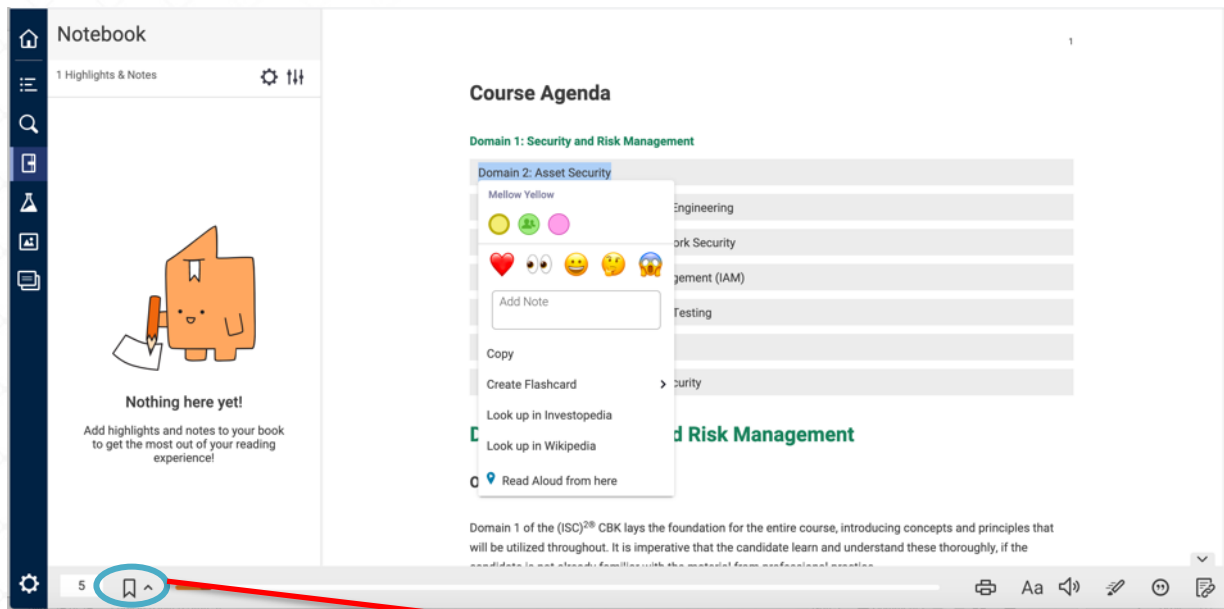

Please refer to the slide #23 for the instructions to print the notes.

How to print the eBook?

1. Click “Print”

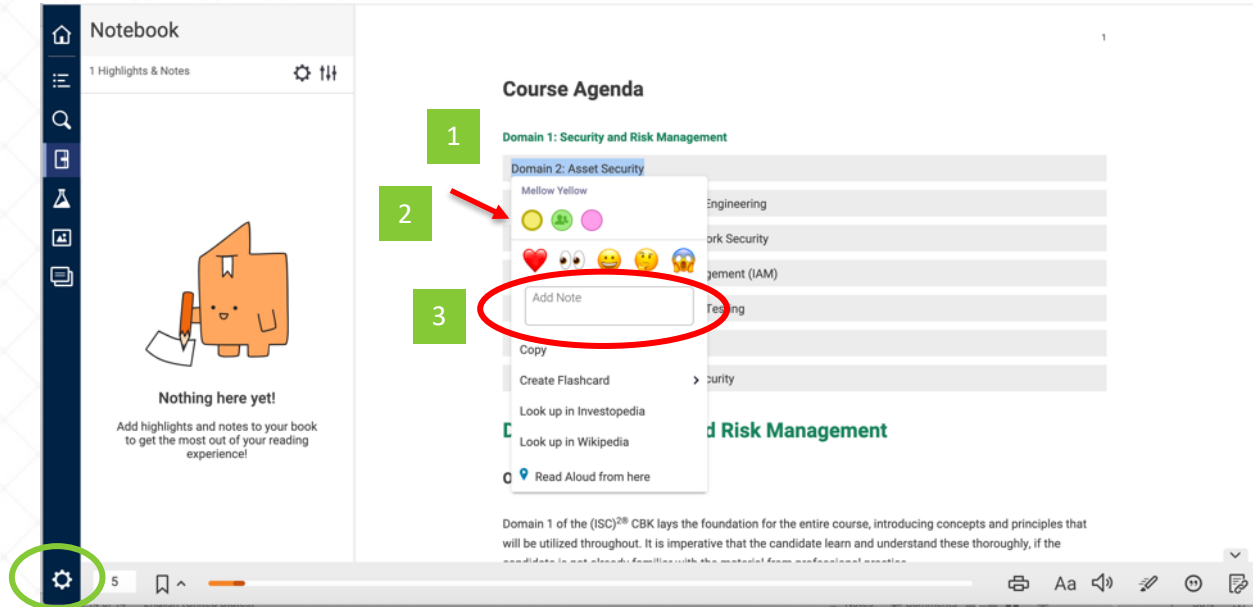

How to bookmark the eBook?

1. Click the bookmark icon

Bookmark your current page or expand to see a list of your bookmarked pages.

How to make/delete notes & highlights?

1. Select the desired text
2. Highlight the text with the color you want.
3. Type your notes in the “Add Note” field

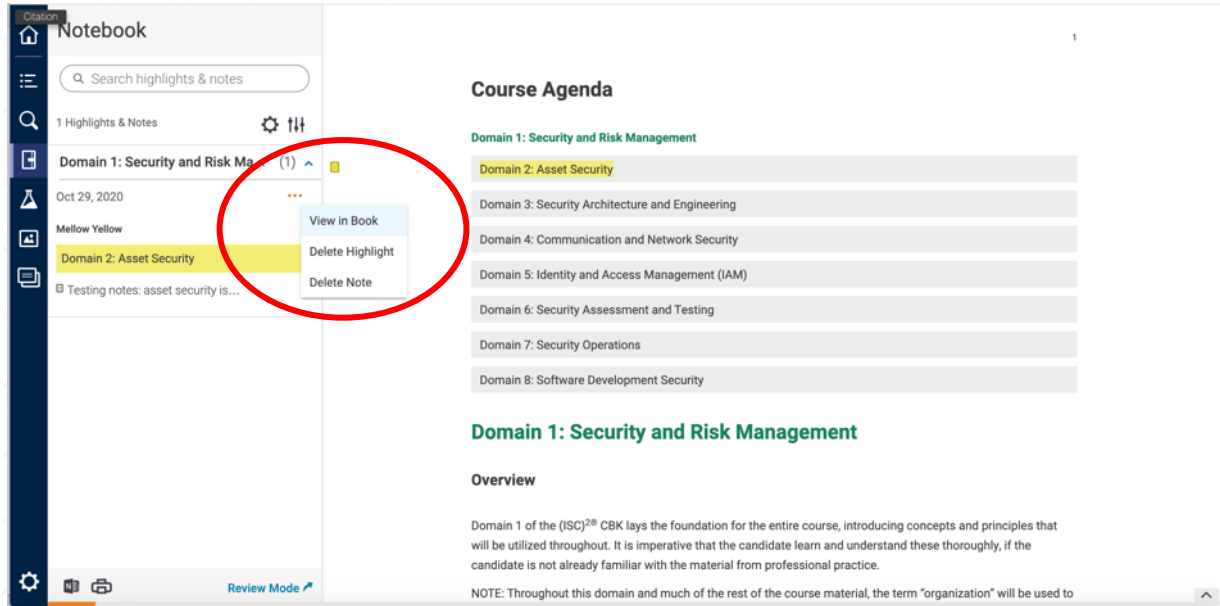

You can manage the highlighter colors in the system setting.

How to make/delete notes & highlights?

The screenshot displays the ISC CBK interface. On the left, the 'Notebook' sidebar is visible, featuring a search bar and a list of highlights and notes. A red circle labeled '1' highlights the 'Notes' icon in the sidebar. The main content area shows the 'Course Agenda' with a list of domains. A red circle labeled '2' highlights the 'Domain 2: Asset Security' entry. A red circle labeled '3' highlights the 'Submit' button in the 'Testing notes' section. The 'Testing notes' section contains the text 'Testing notes: asset security is...' and a 'Submit' button. The 'Domain 1: Security and Risk Management' section is also visible, showing an overview of the domain.

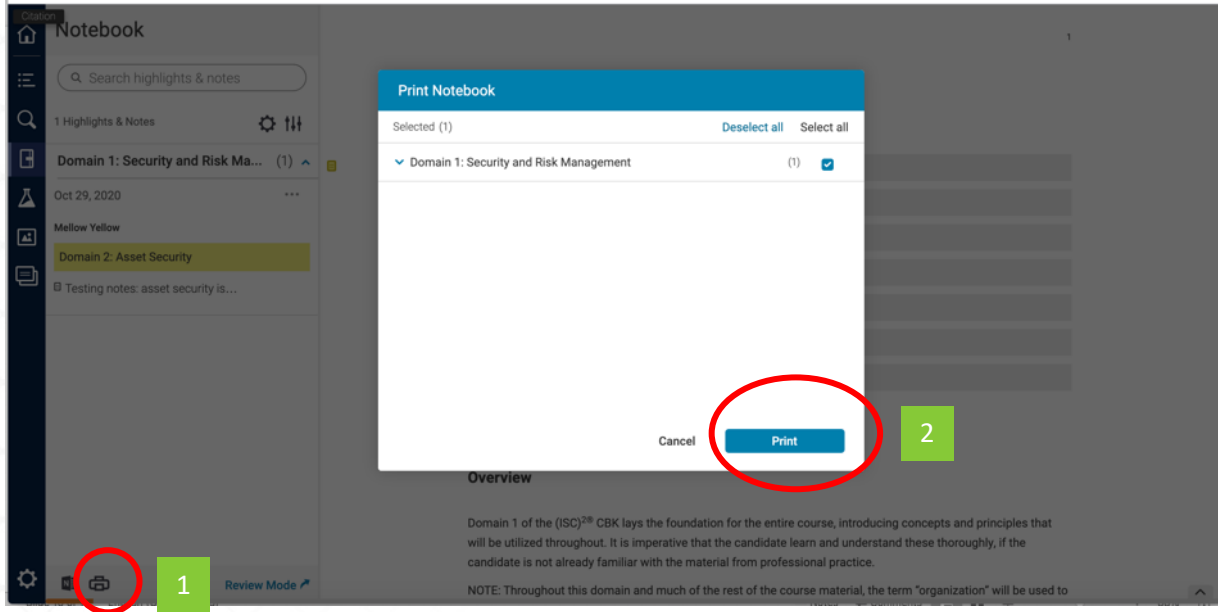

1. Click the notes icon on the left.
2. Type the notes and click "Submit"

How to make/delete notes & highlights?

1. Delete highlight or note

How to print notes?

1. Print to highlighted texts and notes by clicking the printer button

How to create flashcards?

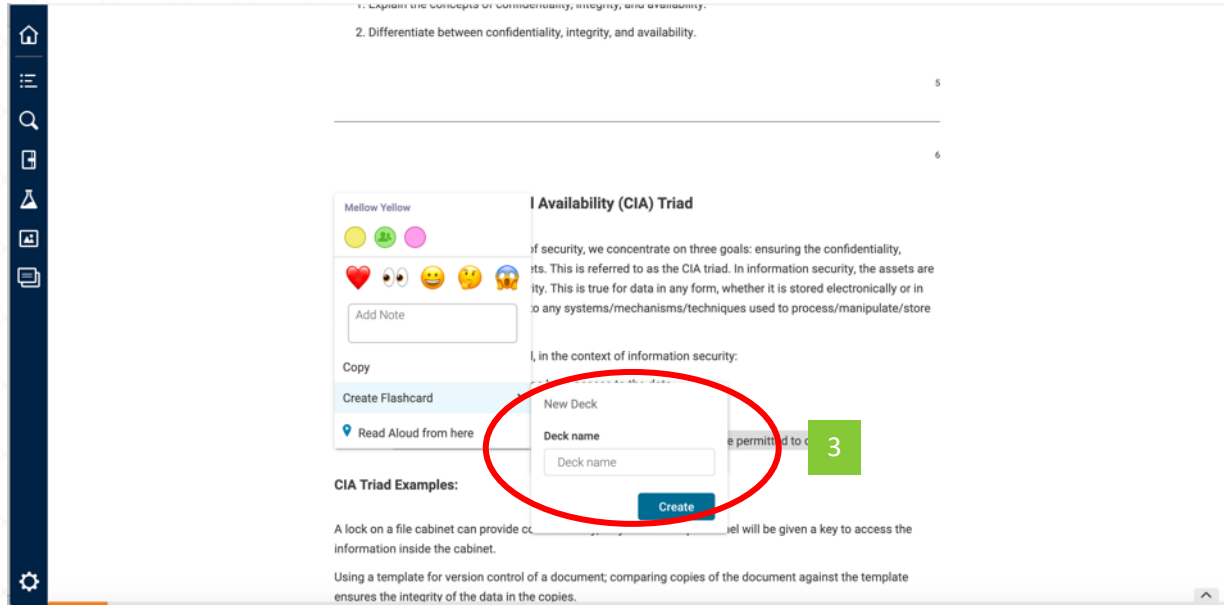

1. Select the desired text

2. Click “Create Flashcard”

3. Create a new deck to hold your flashcards

1. Select the desired text
2. Click “Create Flashcard”
3. Create a new deck to hold your flashcards

How to create flashcards?

1. Type the deck name
2. Click “Create”

How to create flashcards?

The screenshot shows a software interface for creating flashcards. On the left is a sidebar with a search bar and a list of cards. The main area displays a card titled "Confidentiality, Integrity, and Availability (CIA) Triad". A modal window is open for editing the card's content. Two green boxes with numbers are overlaid on the image: box 4 points to the "Availability" text input field, and box 5 points to the "Save" button. The card content includes a definition of the CIA triad and examples.

Confidentiality, Integrity, and Availability (CIA) Triad

When practitioners discuss the field of security, we concentrate on three goals: ensuring the confidentiality, integrity, and availability (CIA) of assets. This is referred to as the CIA triad. In information security, the assets are data—information that requires security. This is true for data in any form, whether it is stored electronically or in printed hardcopy, and it also applies to any systems/mechanisms/techniques used to process/manipulate/store that data.

Explaining the CIA triad in more detail, in the context of information security:

Confidentiality: only authorized entities have access to the data.

Integrity: there are no unauthorized modifications of the data.

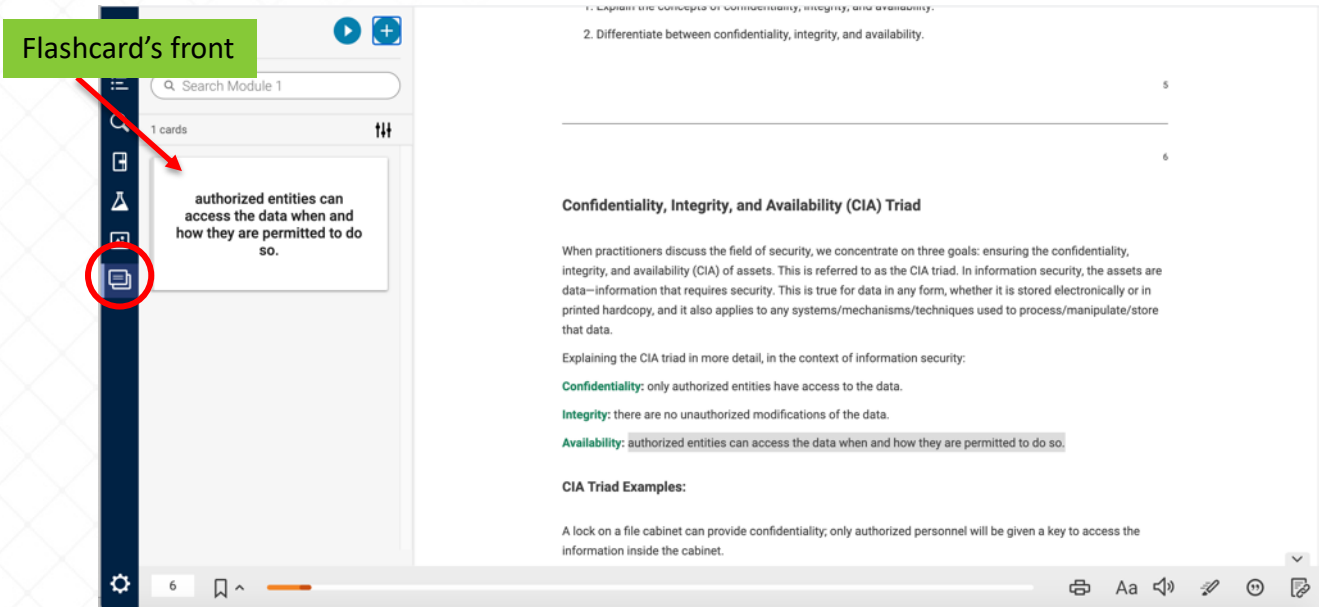

Availability: authorized entities can access the data when and how they are permitted to do so.

CIA Triad Examples:

A lock on a file cabinet can provide confidentiality; only authorized personnel will be given a key to access the information inside the cabinet.

1. Type the back of the flashcard
2. Click “Save”

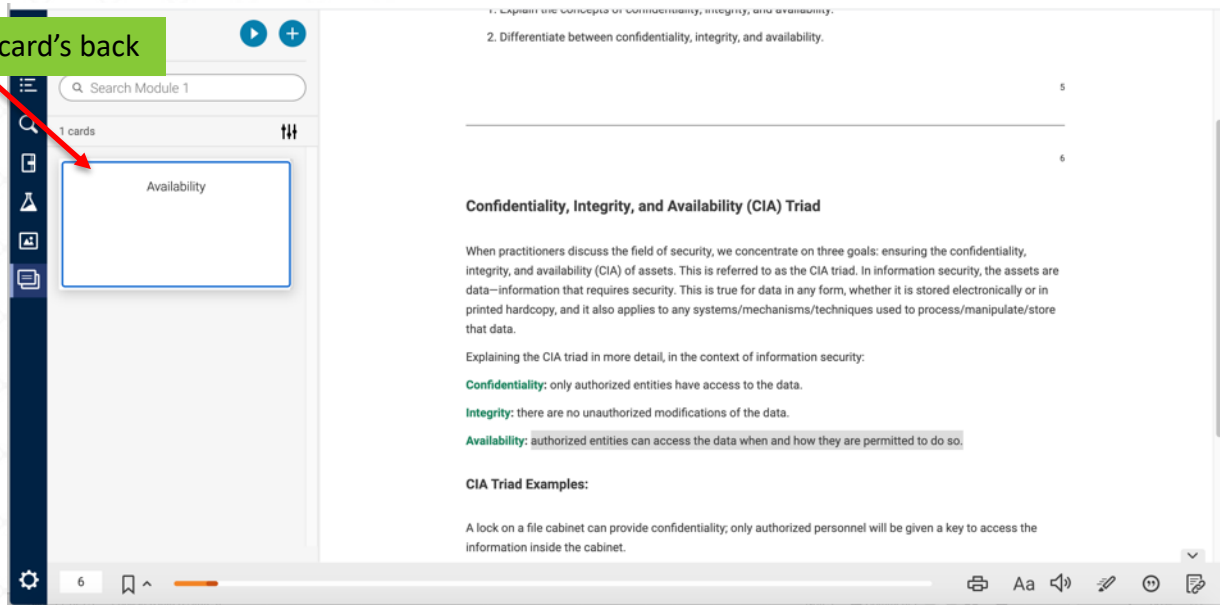

How to create flashcards?

1. Click the flashcard icon on the left

How to create flashcards?

Flashcard's back

1. Tap on the flashcard
